TAX COLLECTOR  
DARIEN, CT 06820-5397

December 22, 2020

To: Kate Buch, Town Administrator  
Jayme Stevenson, First Selectman

Subject: *Executive Order 9R-Suspension and Modification of Tax Deadlines  
and Collection Efforts for Tax Bills That Become Due and Payable on  
January 1, 2021*

The purpose of this memo is to outline my thoughts, as Darien's Tax Collector, regarding the above referenced Executive Order issued by Governor Lamont.

I fully support offering the deferment option with application for the January 2021 installment of property taxes. This option was approved by the RTM this past spring. For the 62 applications and \$624,133 that were approved for deferment at that time, the overwhelming sentiment was relief to have the extended time with no penalty. Although I have not received many calls regarding relief for the upcoming January 2021 installment, I do expect most of those who applied for relief in the spring will do so again for the January installment. I also anticipate some additional applications.

Please let me know if you have any questions.

A handwritten signature in black ink, appearing to read "K M Larkins", is written over the typed name.
