DIRECTOR OF PUBLIC WORKS

DARREN OUSTAFINE, P.E.
ASSISTANT DIRECTOR OF PUBLIC WORKS

October 14, 2016

To: Area Residents;
Re: Abbey Road, Intervale Road, Stanley Road, Drainage Project,
Dear Resident:

We write to provide you with a status update on the drainage project in your area.

To date drainage work has been completed on: Devon Road (except for a catch basin replacement at the intersection of Chester Rd); Holmes Avenue; Rose Lane; work in private easement; and, a minor portion of the work proposed on Intervale Road.

Roads that have not yet had new drainage installed are: Most of Intervale Road; Stanley Road; and, Abbey Road. There are two separate crews working on this project. One crew will continue to install drainage structures on Intervale Road while the other crew will move from Devon Road to Stanley Road. Please see the reverse side of this letter for a map showing where work has been completed and where work remains to be completed.

Due to unforeseen conditions our construction estimate has been revised. Our revised estimate for completion of installation of drainage structures is January 2017. Final restoration to disturbed areas and then resurfacing of roadways, is scheduled to begin in Spring or 2017 and top be completed by the Summer of 2017.

Darien police will continue to be on site as will our inspector. Detours of traffic are expected only during work hours. We will keep the Board of Education informed of our whereabouts and activity to keep school buses moving through the area.

I can be reached at 203-656-7365 or via email at doustafine@darienct.gov. Please feel free to contact me directly should you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Darren Oustafine".

Darren Oustafine, P.E.
Assistant Director of Public Works
